Whereas, the following described land, to-wit: Lot 30

(3) It is understood that the first party does not in any wise admit or ac-
knowledge that the seepage hereinbefore referred to or any part thereof, is the result
of any neglect or other act or omission on the part of the first party, or that it is in any
wise responsible for same, or that the first party in any wise admits or acknowledges
a liability on account of same, or liability or responsibility to install the said or any
system of drainage, or the right to second party to damage.

(4) It should be understood that should a flow of water be obtained by rea-
son of said well, the same shall be subject to the use of the first party for irrigation,
and second party will grant to the first party a free easement and right of way for
ditches or waterways necessary to carry said water to the place or places desired by
first party in order to utilize or dispose of same.
