This Agreement, Made this 29<sup>th</sup> day of January 1916

pose of determining the effect of such wells in draining said seeped land;

Now therefore, in consideration of the premises, it is hereby agreed:

(1) That the first party may at its option and under the direction of said en-  
gineer bore one or more wells on or near said land, the number, size, depth, character,

the judgment of said engineer in the furtherance of said work.

wise responsible for same, or that the first party in any wise admits or acknowledges  
a liability on account of same, or liability or responsibility to install the said or any  
system of drainage, or the right to second party to damage.

(4) It should be understood that should a flow of water be obtained by rea-  
son of said well, the same shall be subject to the use of the first party for irrigation,

ditches or waterways necessary to carry said water to the place or places desired by  
first party in order to utilize or dispose of same.

In Witness Whereof, the first party has caused the same to be executed by the  
hand of its secretary; and, the second party has set his hand the day and year
